Allowable Subject Matter

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance for Claims 1-20: The best prior art of record, *Copple et al* is disqualified because of Applicant's swearing behind the reference.

In particular, with respect to Claims 1-13, nor reference was found which alone or in combination disclosed in a method for administering an on-line auction for an incentive points redemption facility including a catalog of potential auction items, and a participant database comprising participant records, wherein each participant record includes a participant identifier and an incentive point value total available to the participant to bid, the limitations of receiving, via an on-line computer interface; a bid by the authorized participant for the item; and determining, by reference to an available incentive point value total for the total for the authorized participant; whether the new bid exceeds a point total available to the authorized participant.

In particular, with respect to Claims 14-20, nor reference was found which alone or in combination disclosed in an incentive points-based on-line auction facility for managing bids of authorized participants on a set of auction items, the elements of a bid verifier, having communicative access to the participant points total in the participant database, for determining whether a received bid exceeds an available incentive point value total for an authorized participant; and a bid register for maintaining at least a high bid for each item represented in the set of auction item entries.

No other reference was identified to disclose alone or in combination the elements of Applicant's claimed invention. Applicant's arguments regarding swearing behind *Copple* were persuasive.

The drawings are acceptable as presented.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
